Education

Sahyadri College of Engineering and Management
Bachelor of Engineering in Computer Science – CGPA: 7.5

2024 – 2027
Mangalore, Karnataka

Shree Vidyadhiraj Polytechnic
Diploma in Computer Science Engineering – CGPA: 7.91

2021 – 2024
Kumta, Karnataka

Jeevan Jyoti ITI
ITI in Mechanic Motor Vehicle (MMV)

2019 – 2021
Honnavar, Karnataka

Mahatma Gandhi High School
SSLC (10th Standard), Karnataka Secondary Education Examination Board – 64%

2019
Chitragi, Karnataka

Projects

WaterGuard AI – Smart Water Quality Monitoring System
Python, FastAPI, ESP32, Machine Learning

February 2026

- Engineered an AI-driven IoT platform for real-time water quality monitoring and contamination risk prediction.
- Implemented a Random Forest classifier achieving approximately 81% prediction accuracy using water quality datasets.
- Developed RESTful APIs using FastAPI to receive sensor data from ESP32 devices and return instant water quality assessments.

PrepWise AI – AI-Based Personalized Mock Interview System
Python, NLP, ML, Firebase

August 2025

- Developed a smart mock interview system that automatically adjusts question difficulty based on candidate responses.
- Integrated NLP techniques to analyze answers, provide instant feedback, and identify skill gaps.

Student Results Management System
JavaScript, HTML5, CSS3, SQL, DBMS

August 2025

- Developed a Student Result Management System with role-based access control for secure management of student records and academic information.
- Implemented input validation and secure authentication mechanisms to prevent unauthorized access.
- Designed a database with data integrity measures and applied security best practices to prevent data manipulation and information leakage.

Internship

Agamy Cyber Tech
Junior Security Analyst Intern

Jan 2024 – Apr 2024

- Gained hands-on experience in security monitoring, threat analysis, and vulnerability assessment.
- Assisted in identifying potential security risks and supporting incident response activities.
- Applied cybersecurity best practices to improve system protection and operational security.
- Collaborated with security teams to maintain compliance with organizational security standards.

Certifications

AWS Cloud Practitioner Essentials
Amazon Web Services (AWS) – Skills: Cloud Security, Cloud Computing

July 2026

Cybersecurity Analyst Job Simulation
Forage – Skills: Cybersecurity, Networking

July 2026

AWS Security Fundamentals
Amazon Web Services (AWS) – Skills: Cybersecurity, Cloud Security

July 2026

Introduction to Cyber Security
Cisco Networking Academy – Skills: Cybersecurity, Networking

May 2025

Technical Skills

Languages: Python, Java, JavaScript, HTML, CSS

Cybersecurity: Security Monitoring, Threat Analysis, Vulnerability Assessment

Cloud Security: AWS IAM, VPC, S3 Security, EC2, CloudTrail, CloudWatch, GuardDuty, Security Groups

Databases: MySQL, MongoDB

Tools & Platforms: Git, VS Code, Jupyter Notebook, Linux (Basics)

Additional Information

- Strong interest in Cloud Security, GRC, and compliance frameworks (ISO 27001, SOC 2, NIST).
- Hands-on practice with AWS Free Tier, TryHackMe, and HackTheBox for practical cloud and security skill-building.
- Languages: English, Kannada, Hindi, Urdu.
